Hilske reviewed the proposed facility closure and staffing plan. Iske expressed that he would agree with closing the restrooms, playgrounds, and picnic shelters but not the camping at the parks. McDonald asked what procedure would be used to reverse any of these phases if they are enacted. Hilske replied that we would ease them back when that time comes. Hilske explained that we're planning to close the restrooms, playgrounds, and picnic shelters on Monday, April 13.

NOT VOTING: Siske

Hilske explained his proposal to provide 100 hours of additional, emergency leave to cover time off that is associated with COVID-19 but not eligible for the 80 hours of federal sick leave. The federal sick leave combined with the additional 100 hours would provide enough leave to get by until the next board meeting, if necessary. Stukenholtz felt the 100 hours was excessive. Beethe pointed out that the 80 hours of federal sick leave is very restrictive. Stukenholtz asked that the 100 hours be capped. McDonald questioned how this would affect the budget and what options might be available for staff to work at home. Hilske felt much of the work could not be done from home, particularly those performing field work.

Iske moved, seconded by Stukenholtz, to approve the COVID-19 facility closure and staffing plan and grant employees up to 100 hours of emergency leave in addition to the required federal sick leave. Motion carried.

AYE: Beethe, Bohling, Donnelly, Fox, Gerweck, Gigstad, Hodges, Iske, Keithley, Lassen, Loseke, McDonald, Moss, Niedfeldt, Romine, Siske, Snoke, Speece, Stukenholtz, Sugden, Thorne

Hilske explained the reason for a statement that park permit fees would not be refunded during any park closure. He did not rule out the possibility but suggested the board wait until the pandemic subsides to make any decisions.

Iske moved, seconded by Fox, that the NRD is not planning to provide refunds if the park facilities are limited or closed and no additional action will be considered until the pandemic is over. Motion carried.

12. DISCUSSION/ACTION ON POTENTIAL CASH FLOW/FINANCING

Hilske reviewed a cash flow projection and explained that it appears we will not need temporary financing based on the projections. No action.

13. PLAN FOR UPCOMING BOARD & COMMITTEE MEETINGS

Hilske explained the options for next month's board meeting and committee meetings. Because there is not a quorum at committee meetings, they could be held via Zoom or another video conference method and could be on a different date. There was some discussion about different methods of holding the next board meeting. Staff will investigate different options and update the board in early May.
